

13 Appendix C: Retro Application Public Feedback Form

Public Input Form (PIF) Regarding Applications for Retros to Existing Routes at Enchanted Rock State Natural Area

An application for a “retro” (the addition, removal, or other modification of fixed protection of an existing route, other than routine maintenance) may be submitted for a route that is not designated as a historic route. Generally the first ascent party retains veto rights over any such modifications to an existing route that has been legitimately established. In the absence of available contact with the first ascent party, applications for retro will be posted and public input solicited and collected for review for a period of three (3) months prior to a vote being recorded by the Central Texas Climbing Committee (CTCC).

The CTCC will review all public comments received, and will take them closely into account in forming its decision. The CTCC will vote on the application and forward its decision to the Texas Parks & Wildlife Department (TPWD) as soon as possible after the end of the public review period. A retro approval requires a unanimous affirmative vote of the CTCC membership and subsequent approval from the TPWD.

For further details on retroing, please refer to Section 7.3.3 of the ERSNA Climbing Management Plan (CMP).

Public Input Forms are accepted in person by serving CTCC members (www.centraltexasclimbingcommittee.com), via email sent to the CTCC (centraltexascc@gmail.com), or at the following address:

Superintendent
Enchanted Rock State Natural Area
16710 Ranch Rd 965
Fredericksburg TX 78624

Public Input Form Requirements

1. All form information must be completed.
2. PIF must be signed by the citizen.
3. Only visitors to ERSNA who have signed a TPWD Climbing Release Form may submit a PIF.
